

North Star Flyers: Winter Flying

Please note: Facility limitations restrict attendance at this seminar to members only.

Please contact Jack Shelton, FAAST representative, if you would like this seminar presented at another venue. Winter flying in Minnesota is exciting, fun, and rewarding.

Airplane performance can be astonishing and the brilliant clear blue skies and white ground make for memorable sights. There are challenges to keep in mind. Join Cheryl Daml as she discusses how to make the most of your cold-weather aeronautical time.

Directions: The meeting will be held in the classroom at Sim Flite Minnesota, in the first floor of the red and white hangar adjacent to RC Avionics at Anoka County Airport.
